A special event with Ken Duncan

Ken Duncan, renowned Australian landscape photographer, will share with you the secrets of great photography by explaining his tried and tested techniques. Using his stunning images as examples, Ken will share a wide range of simple tips for better photography. Whether you are using a fancy SLR camera or a mobile phone, Ken will show you how to take your photos from flat to fantastic by adding the "third dimension". No matter what kind of photographs you take, this presentation will make an enormous difference for you. The workshop is suitable for all from 8 to 80 years old and for beginners to experienced photographers..
